Dear Friends,

In 2006, I founded Margetis Maritime Consulting in a small office in the heart of Piraeus with the aim of providing specialised ("Boutique") services focused on Marine Technical Insurance matters.

By 2017, myself and my valuable colleagues and associates have achieved in leading this small firm to evolve and become a Firm with global impact and diversified expertise. In effect, the single surveyor firm in 2006 has now evolved in achieving:

• In 2008 we had already established ourselves in an leading service provider of London based H&M and P&I Clubs, having three (3) surveyors.
• In 2011 we opened our first overseas office in Istanbul.
• In 2013 we introduced a dedicated Yachting service and established Margetis Maritime Consulting.
• In 2014 we opened our office in The Adriatic Sea, based at the city of Bijela, Montenegro.
• In 2014 we established the Repair and Shipyard Representation Division.
• In 2016 on our 10th year Celebration, we have opened an Office in Houston, USA and in Split, Croatia.
• In 2017 we established the Energy & Offshore Consulting Division, we opened an Office in Shanghai, P. R. China and in Dubai.
• In 2018 we opened our Offices in Singapore and in India.

And we promise, there will be more to come....

We have achieved in assembling overall fifteen (15) technical consultants and surveyors, expanding our clientele to the leading Maritime Institutions around the world, recognised for our integrity and the quality of service we provide, within Greece, the Balkans area, Europe, the U.S.A., the Middle and Far East and the rest of the World.

Our Firm is in possession of ISO 9001:2015 Certification (by Lloyd’s Quality Assurance Services) and Professional Liability coverage ("Errors & Omissions") by Lloyd’s Syndicate.

We, at Margetis Maritime Consulting, are looking at the past with pride and the future with revelation of things yet to come.

Thank you for your warm support all these years.

George D. Margetis
Company Founder and Managing Director
Condition / Warranty Surveys
Damage Surveys & Claims Handling
Casualty Investigation
Pre-purchase Inspections
Safety Audits
Yacht Management Services
Representing 50 Shipyards around the world
Afloat and underwater repairs
Repair Feasibility Investigation
Preparation for Dry-docking
Preparation of Technical Specifications
Superintendency Services
Offshore Energy Oil & Gas Services
We have offered our Services to the World’s leading Hull & Machinery Underwriters and P&I Clubs. Do you recognise these names?

Margetis Maritime Consulting also provides Services to reputable Marine Brokers, Solicitors, Average Adjusters, Charterers, Banks and Ship-Owners.
George is the founder of the company in 2006, having previously served as Senior Surveyor and Technical Consultant since 1994. Presently, George handles all sorts of assignments, with particular emphasis on casualty work and claims, attending mostly on behalf of H&M Underwriters and P&I Clubs. He also handles technical merits of disputes, in close cooperation with the most reputable legal Firms, and has testified as an expert witness before Courts and Arbitration hearings.

He has extensive experience in handling machinery failure investigations and drafting repair specifications for large scale and complex casualties, such as fires, groundings and collisions. In addition, George carries out Office Management Assessment Audits and Shipyards’ Risk Assessment Surveys, as well as coordinates the Firm’s Condition Surveys.

His academic background includes B.Sc. and M.Sc. Degrees in Naval Architecture & Marine Engineering and Mechanical Engineering from the University of Michigan and M.I.T. in U.S.A.

George is a Member of the “Hellenic Marine Technical Consultants Association”.

He is fluent in English and has the working knowledge in French.
Since January 2018, John acts as the Firm’s Operations Manager, directly responsible for Coordinating and Managing the business of survey assignments globally. He is responsible for delivering to our clients results at the highest standards, leveraging our surveyors teams both at the Piraeus office and at our six (6) other Offices around the world.

John joined Margetis Maritime Consulting in 2008, just after completing his degree in Naval Architecture and Marine Engineering from the National Technical University of Athens (N.T.U.A.). He is a member of the Technical Chamber of Greece and over the years, he has undertaken complex assignments, surveys and consultation on behalf of diverse maritime institutions, including Underwriters, P&I Clubs, Owners, Charterers, Banks and various other parties, on several types of vessels.

He has gained extensive experience on all types of Condition Surveys as well as Claims’ handling and machinery failure investigation.

John is fluent in English.

John Balaouras
Naval Architect & Marine Engineer (M.Eng.)
Operations Manager / Senior Surveyor

Nikos is a founding member of Margetis Yachting Consulting, bringing to our Company over 30 years of experience and expertise with yachting consulting and surveying.

Nikos was the Director of the Yachting division of Hellenic Register of Shipping. Under that capacity, he has coordinated and surveyed 1000s of yachts, including small sailboats to the largest Megayachts, as well as small passenger vessels. He has attended the new building construction of Megayachts in various European yards, including Benetti, Mondo Marine, Oceanco and other, assessing Specifications and Contracts. He has a wealth of experience with registration and classification of yachts and issuance of seaworthiness Certificates.

As a Director of Margetis Yachting Consulting, he will be involved in coordination of all yachting cases and head of the Survey team, as well as will be involved in assessing new building contracts and specifications.

Nikos is a graduate of Sunderland Polytechnic in U.K. He is a member of Hellenic Association for Protection of Traditional Crafts and Technical Consultant of the Hellenic Association of Professional Pleasures Yachts.

A keen Yachtsman and Skipper, Nikos is fluent in Greek, English and has a working knowledge in French.

Nikolaos Giannakopoulos
Marine Engineer B.Sc.
Director – Margetis Yachting Consulting
Nick Michalakopoulos
Naval Architect (M.Sc.)
Surveyor
Nick joined Margetis Maritime Consulting in 2012, shortly after completing his M.Sc. degree in Naval Architecture, obtained at Newcastle University, where he completed a Thesis on ‘Trim optimization of bulk carrier, tankers and container ships’. Apart from his academic background, Nick has done his summer internships at Bureau Veritas classification society as a trainee surveyor, as well as obtained hands-on experiences at Piraeus based marine workshops. Nick is a keen Sailing skipper, has participated in numerous sailing regattas and a certified diver. Nick is fluent in English and has a working knowledge in German.

Alexandros Zareifis
Naval Architect & Marine Engineer (M.Eng.)
Surveyor
Alexandros joined Margetis Maritime Consulting in 2017. He is a qualified Marine Engineer and Naval Architect, graduating from the National Technical University of Athens (N.T.U.A.), where he completed his Thesis on ‘Experimental Investigation of the wake flow of a bulk-carrier model using a five hole Pitot Tube arrangement’, which was later on published in Martech conference (Lisbon, Portugal, 2014). After completion of his academic studies and his internship, he was employed as a Superintendent at the Technical Department of a well-known and established Shipping Company in Kallithea, Greece. During that period numerous visits on board the Company’s vessels were carried out and he also participated on site during several Dry-Dockings and repairs. He presently undertakes assignments on behalf of H&M Underwriters, P&I clubs (including condition and damage surveys). Alexandros is fluent in English.

Ioanna Kafka
Naval Architect & Marine Engineer (M.Eng., M.Sc.)
Surveyor
Ioanna joined Margetis Maritime Consulting in 2017 and she currently undertakes instructions on behalf of P&I Clubs and H&M Underwriters. She has previous experience in an international marine consultancy firm in London, focusing on technical services to the maritime insurance and legal markets, in Southampton, engaged mainly in defence and small crafts projects and in Singapore working on casualties, P&I and H&M assignments. She has been exposed to both shipping and energy sectors and has developed and enriched engineering consultancy, design and analysis skills, conducting both office and onsite work. Ioanna is also a keen yachtswoman, having participated in numerous sailing competitions in Greece. She holds an MEng degree in Naval Architecture and Marine Engineering from the National Technical University of Athens (NTUA) and an MSc degree with Distinction in Technical Ship Management from the University of Strathclyde, Glasgow. She is an Associate Member of the Royal Institution of Naval Architects (RINA) working towards her Chartered Engineer status. She is fluent in Greek, English and has a basic knowledge in Spanish and French.

Athina Chrysomalli
BSc Psychology
Quality Manager & Human Resources
A Psychology Graduate from the National and Kapodistrian University of Athens, Athina has joined the Firm in charge of the Quality and Human Resource division. She is responsible for monitoring the implementation of our Firm’s ISO 9001 system and the interaction of the Piraeus Head Office with the Regional Offices around the World. With the size of the Firm rapidly growing, she is assisting on HR matters. Athina is currently attending the ICS Annual Professional Maritime Program. She is fluent in English and French.
Antonis joined the Company from the establishment of our Houston Office in 2016, where he is acting as Resident Manager. Before joining us, Antonis has had a series of diversified work assignments and experience, that spans over a 30 year period. Most notably, Antonis has been Technical Superintendent, Fleet Manager and DPA for a series of Shipping Companies Managing both bulkers and Tankers. In 2004, Antonis first became Technical Manager for a Company operating back then 7 Product and Chemical Tankers, actively involved in the vetting of the vessel by Oil Majors. In addition, he was involved in the newbuilding program (Product Tankers) of the company in South Korea. Between 2007 and 2016, Antonis was the Technical Manager and eventually the General Manager of a Nasdaq listed shipping Firm, operating up to 10 bulk carriers at time. In this company he was also involved with the supervision of the new building projects (2 bulk carriers in China), as well as being in contact with Brokers, H&M Underwriters and P&I Insurers undertaking the Firm’s diversified business. Overall, Antonis has extensive experience on Technical and Managerial aspects of Shipping, including Vetting for Bulkers and Tankers, Condition Surveys and Claims. Antonis has a B.Sc. Maritime Engineering Degree from Texas A&M University in College Station and an MBA from University of Leicester. He is a member the American Society of Naval Architects and Marine Engineers (SNAME) and is fluent in Greek and English.
Hamza Taskeser  
Master Mariner (B.Sc., M.Sc.)  
Regional Manager

Hamza Taskeser joined Margetis Maritime Consulting in 2017 after resigning from the Turkish Ministry of Transport where he held the position of Deputy Director General for Merchant Marine Ministry of Transportation, Deputy Undersecretary responsible for Maritime Affairs and in charge of Maritime Trading and Law Department / IMO affairs / International Relations / Maritime Safety / Maritime Transportation / Maritime Insurance / Port State and Flag State Implementations / Shipbuilding and Shipyards.

Hamza was a principal founder member and Vice President of the Accident Investigation Board for the Turkish Ministry of Transport, Maritime Affairs and Communications (MTMAC). From his position in the Ministry of Transport and Maritime Affairs in Ankara, he held the seat of the administrative head and centrally responsible officer for Harbour Masters in all Turkish ports and the Turkish Port State Control agency. He is an oceangoing Master Mariner, graduate of Istanbul Technical University – Maritime Faculty with a B.Sc. degree in Maritime Transport and Engineering; he holds a Master of Science Law degree in Institute of Law, Department of Public Law as well as a B.Sc. in Istanbul University, Law Faculty and he is a certified Advocate, registered in Istanbul Bar Association.

Hamza Taskeser was regularly assigned with representing the Turkish State in various conferences and international forums as well as seminars such as the head of the organisers’ committee for Oil Spill Exercise & Emergency Response Operations, a regular delegate in Brussels for EMSA (European Maritime Safety Agency) tutorials, conferencier or participant in international meetings between the respective Accident Investigation Boards and the relevant national organizations throughout the globe, SAR (Search and Rescue) congresses including a 3½ months training course in Japan and conferencier or participant in various National and International professional conferences, congress, symposiums etc.

Capt. Hamza Taskeser has served in the Turkish Navy Forces as a Rescue & Salvage Officer as well as, Chief Officer and later Master on Oceangoing vessels. He is fluent in Turkish and English.

Dr. Mustafa Azman  
Master Mariner (B.Sc., M.Sc., Ph.D.)  
Head of Survey Department

Dr. Mustafa Azman is the ex Harbour Master of Istanbul and he joined our Firm in 2017, after resigning from this position. He had previously served as Harbour Master in the ports of Sinop and Mudanya whereas, he was engaged in the capacity of Research Engineer and has served as a Deputy Director General for Merchant Marine in the Ministry of Transport & Maritime Affairs.

Dr. Azman was the Vice Chairman in the International Oil Pollution Compensation Fund Assembly (IOPC) and was the Chief Coordinator in the project of establishing the Turkish P&I Insurance. Mustafa was assigned as the Head of the Sea Working Group for Marmara Rail Tube Tunnel, the project linking Europe and Asia up until 2012 and has in the past, served as Deck Officer and later Master in oceangoing vessels. Mustafa Azman is a qualified Master Mariner (unlimited / oceangoing) and has served on board a Rescue & Salvage Tug as officer in the Turkish Navy Forces.

Mustafa is a Doctor of Science with Ph.D. in Istanbul University, Institute of Marine Science and Management, Department of Marine Environment with scholarships such as M.Sc. and a B.Sc. in the Faculty of Physics with Marmara University as well as B.Sc. in Maritime Faculty, Marine Transportation & Engineering with Istanbul Technical University. Dr. Azman is an academic lecturer in Yildiz Technical University in the Ship Construction and Maritime Faculty as well as a Marine Science analyst and counsellor in Istanbul academic community and is a regular author of articles in sectoral publications.

Dr. Azman is a regular participant in overseas courses and events such as Professional Development Courses in Maritime Casualty Investigation (with WMU – World Maritime University of Malmö – Sweden), Oil Spill Exercises & Emergency Response Operations (member of the organizing committee in Istanbul), leader or member of different delegations in professional meetings in Turkey or overseas (IMO Assembly, MSC, FAL, IOPC etc.), lecturer in seminar on the Human Element Influence on Maritime Accidents (REMPEC – 2008 Lisbon) and a moderator, confereenier or participant at various National and International conferences, congress, symposiums etc.

He is fluent in Turkish and English.
Dragan Curin
Marine Engineer (M.Sc.)
Senior Surveyor

Dragan is the Resident Senior Surveyor at our Split office, Croatia (within the heart of the Dalmatian Coast).

Prior to joining Margetis Maritime & Yachting Consulting, Dragan had been employed in various Shipping Companies as a Superintendent Engineer and Technical Manager, whilst he has also acted in the past as an independent Surveyor and Surveyor for Classification societies and Flag States, his duties including the inspection of Mega Yachts.

He has also acted in the past as Surveyor and Surveyor for Classification societies and Flag States, his duties including the inspection of Mega Yachts.

He will be acting as the Head Surveyor of Margetis Maritime Consulting in Croatia, undertaking all sorts of assignments on behalf of H&M Underwriters, P&I Clubs and other Maritime institutions.

He holds graduate degree (M.Sc.) of Marine Engineering, from University of Split, Department of Maritime Studies, and is fluent in Croatian, Serbian, English and Italian.

Petar Zlokovic
Naval Architect (M.Sc.)
Senior Surveyor

Petar is the Resident Senior Surveyor at The Adriatic Sea office, based in Bijela (in an office inside Adriatic Shipyard).

Prior to joining Margetis Maritime & Yachting Consulting, Petar had been employed in various Shipping Companies as a Superintendent Engineer, as well as in the local Adriatic Shipyard in Bijela as Naval Architect and Project Manager.

During his professional carrier that spans over 18 years, Petar had been involved in projects dealing with bulk carriers, general cargo vessels, cement carriers and Yachts.

Of notable importance is his experience with Floating Production Storage and Offloading units (F.P.S.O) and Off-shore Drill Platforms, having supervised and coordinated major conversions at Adriatic Shipyard.

He will be acting as the Head Surveyor of Margetis Maritime Consulting in Adriatic Sea, undertaking all sorts of assignments on behalf of H&M Underwriters, P&I Clubs and other Maritime institutions.

He is a Graduate of Belgrade University, Department of Mechanical Engineering, Branch for Naval Architecture and is fluent in Serbian and English.

Montenegro office

Split office
Zou, a Chinese national, joined the Company from the establishment of our Shanghai Office in 2017, where he is acting as Regional Manager.

Before joining us, Zou has had a series of diversified work assignments and experience that spans almost 25 years and includes positions as Class and Flag surveyor, Marine Superintendent, New Building supervisor, Shipyard Engineer and Independent Consultant.

Most notably, Zou has started his career by working for 4 year for COSCO Shipyards, subsequently joined G.L. and A.B.S. as field surveyor which included the supervision of New Buildings as well as ship in services.

Since 2010, Zou was acting as an independent surveyor, undertaking a diverse range of assignments, including Class and Flag survey, Superintendence Services, Condition Surveys and repair supervision. In addition, he has occasional acted as New Building Site Manager, for various Chinese yards.

Due to his diverse background, Zou is familiar with shipyard and shipbuilding industry in China very well and had good contact with most of the major Chinese shipyard, either for new building and repairs.

His experience is diverse in terms of vessel’s he has dealt with, majority of them being Bulk Carriers, Tankers, Ro/Ros and Containers.

Zou has a B.Sc. in Naval Architecture and Marine Engineering from Harbin Engineering University in China and he is fluent in Chinese and English.
Capt. Anil joined the Company from the establishment of our Dubai Office in 2017, where he is acting as Regional Manager.

Before joining us, Capt. Anil has had a career in the Marine field for about 15 years, including sea going experience in Tankers, as well as an Operations Manager for a Company operating offshore supply vessels.

Capt. Anil has recently worked as an Independent Consultant and surveyor, specializing in Marine Operations, Technical and Navigational Audits and Pre-Purchase Inspections. Most notably though, Capt. Anil has been carrying out Pre-vetting inspections, assisting Managers in preparing vessels for the SIRE (Ship Inspection Report Program) and OVID (Offshore Vessel Inspection Database) of OCIMF.

Before settling in Dubai, U.A.E., Capt. Anil, an Indian national, has also worked in India and Malaysia. As a result of his diversified background, Capt. Anil is well familiar of the Maritime community in U.A.E.

Capt. Anil has a B.Sc. in Nautical Sciences from University of Mumbai, holding Master’s in Business Administration and is certified as a Master Mariner from the Ministry of Surface Transportation in India. He is fluent in English and Hindi.

Husain joined the Company from the establishment of our Dubai Office in 2017, where he is acting as Senior Surveyor, being a Marine Engineer,

Husain has more than ten (10) years sea-going experience (having reached the rank of Chief Engineer), on Tankers, Bulkers and Offshore Supply vessels.

After his seagoing years, Husain worked as a Superintendent Engineer for a major Operator of Offshore supply vessels and drill-ships (with a fleet reaching 45 vessels).

Recently, Husain has been acting as a Technical Consultant and surveyor for a company carrying out Condition Surveys, Pre-purchase inspections, technical Management and supervising repairs and preparing dry-dockings.

Husain has a B.E. in Mechanical Engineering from University of Mumbai and a Post Graduate Diploma in Ship Management.

He is a Member of The Institute of Engineers (MIET, UK) working towards his Chartered Engineer status.

He is fluent in English and Hindi and has an elementary knowledge of Arabic.
Seow, a Singaporean national, joined the Company from the establishment of our Singapore Office in 2018, where he is acting as Regional Manager. Nevertheless, Seow was not unknown to us, having in the past cooperated with our company as an independent surveyor for over a year, very successfully undertaking various assignments on our behalf, within the greater South-eastern Asia region.

Seow, a graduate of Singapore Maritime Academy, reached the rank of Chief Engineer at sea and thereafter has had a 30 year career on diversified positions ashore, including Superintendent Engineer, Class surveyor (with A.B.S.) and many years as a Marine Consultant and Surveyor. Throughout his career, Seow was based in Singapore, with nevertheless long periods with assignments in China.

Whist at sea, Seow had served on board Bulkers, Car Carriers and Containers, whereas as a Marine Surveyor and Consultant, Seow had undertaken assignments on all sorts of vessels, including CAP surveys for Tankers and inspections for Offshore facilities. He has a wealth of experience with Condition Surveys and Safety Audits, Towage Approvals and Damage Surveys.

Seow is a Certified Auditor for ISM, ISPS and ILO MLC 2006.

Seow will be heading our Singapore Office, undertaking mostly Condition Surveys and Casualty work. He is fluent in Chinese and English.
Capt Mandar Sherlekar  
Master Mariner (M. Sc.)  
Senior Surveyor  
Capt Mandar is the Resident Senior Surveyor at our India office based in Mumbai (which is the shipping gateway to West Coast of India).  
Prior to joining Margetis Maritime Consulting, Mandar had been employed in a reputed Shipping Company based in Singapore as a Marine Superintendent and HSEQ Manager, he also served as General Manager for a Shipping Company, having vast experience in inspections and Audits onboard ships.  
During his professional career that spans 22 years, he has had an extensive sailing experience, reaching the rank of Master, on Gas and Oil tankers. Mandar has been involved in numerous projects dealing with Gas Tankers, Chemical Tankers, Asphalt Carriers, Gas Tankers, Bulk Carriers and RO-ROs.  
He has also acted in the past as independent Surveyor for Owners/Managers and Charterers. He is also conducted various surveys on behalf of H&M Underwriters & P&I Clubs. He has also assisted in Rig Docking operations at Pipava Shipyard.  
He will be acting as the Senior Surveyor of Margetis Maritime Consulting in India, undertaking all sorts of assignments on behalf of H&M Underwriters, P&I Clubs and other Maritime institutions.  
He holds graduate degree (B.Sc) of Nautical Science, from University of Mumbai. Master Mariner degree from Director General of Shipping, India and Internal Auditor Certificate from DNV-GL. He is fluent in English, Hindi and Marathi (Local Mumbai).

Jagadeesh Chandra Vasu  
Marine Engineer (Class A)  
Senior Surveyor  
Jagadeesh is the Senior Surveyor at our India office, presently residing in Kakinada (On the East Coast of India).  
Prior to joining Margetis Maritime Consulting, Jagadeesh had been employed in a reputed Shipping Company based in Kakinada as a Deputy General Manager (Technical), having vast experience in Pre-Purchase Inspections, Damage and Technical Surveys on behalf of P&I/Charterers/Others. Assisted in Ship Repairs, Fabrication Jobs and preparation of vessels for surveys.  
During his professional career that spans 17 years, he has had an extensive sailing experience mostly on bulk carriers, reaching the rank of Chief Engineer. Jagadeesh has been involved in numerous projects dealing with Oil Tankers, Chemical Tankers, Bulk Carriers and Tugs & Barges.  
He has also conducted various Pre-Insurance surveys on behalf of H&M Underwriters and P&I Clubs as a third-party surveyor.  
He will be acting as the Senior Surveyor of Margetis Maritime Consulting in India, undertaking all sorts of assignments on behalf of H&M Underwriters, P&I Clubs and other Maritime institutions.  
He holds graduate degree B.E. (Mech) from Karnataka University. Chief Engineer (MEO Class-1) certificate of competency from Mercantile Marine Department, India. He is fluent in English and Hindi.
Prokopis N. Pyrris
Naval Architect B.Sc.
Director – Shiprepair Division

Prokopis is the Director of our newly established
Shiprepair Division, bringing to our Company over
14 years of experience in this sector.

Prokopis has served all these years to the major
Shiprepair Houses in the Greek Market and has
booked/fixed a large number of Shiprepairs and
drydockings to all the major shipyards worldwide.

As a Director of the Shiprepair Division, will
be involved with the day to day operation of
the Division, by means of visiting Companies,
following up running projects, negotiating with
Yards/Owners and coordinating the operation
of our Turkish office and its involvement with the
Turkish Market in the Shiprepair Sector.

Prokopis holds Naval Architecture Degree from
the Technological Educational Institute (T.E.I.) –
Athens. He is fluent in Greek, English and has a
working knowledge of Italian.
